

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

The Bishop's Transcripts in the Hereford Registry having recently been sorted and made available for reference, the entries for several years previous to those in the first Volume have been copied and inserted here.

The oldest Register, Volume I., is bound in leather, and contains 20 leaves of used parchment, some of which are cut, but the years run consecutively at one end. It contains entries of Baptisms, Burials and Marriages from 1680 to 1708, all mixed together. Then they are separated thus: Baptisms, 1709 to 1768; Marriages, 1711 to 1756; Burials, 1711 to 1768. Then Baptisms and Burials are mixed from 1769 to 1786, and Baptisms are continued by themselves, 1787 to 1812.

At the other end two leaves of parchment only are used, containing Burials from 1786 to 1812, consisting of 36 entries. Some leaves have been cut out at the commencement, but dates correspond with the other end.

Volume II. is the usual authorised vellum-bound Marriage Register Book, from 1756 to 1811, with strong paper leaves, ruled, containing 53 entries. Only the first entry is given in full, the rest being curtailed.

The old Church and present Tower were built in 1680. Some money was collected by a "Brief" for this purpose. The Tower contains three bells.

The present Church was rebuilt, except the Tower, by John Hopton, Esq., as a memorial to his wife, and opened in 1861, succeeding an old Queen Anne red brick building.

The Brass Lectern was presented in 1866 by the Rev. O. P. Greenstreet, Curate.

The Lych-gate was erected in 1894. "To the Glory of God, and in memory of John Hopton, ob. 1891, & Bertha Maria Baskerville," his daughter and heiress, ob. 1892, by Grace Poole, Caroline Trafford, Walter Baskerville, and Michael Hopton.

The Churchyard was enlarged at the same time by Walter Baskerville, and consecrated October 17th, 1895.

The Vicarage House was built in 1844, and given to the Living by the Rev. John Hopton.

The Canons of Llanthony Abbey were formerly Lords of the Manor, hence the name of "Canon" Frome. There is an old deed in the muniment room at the Court, granting the Manor to John Harford by the Crown, and another conveying from the Harfords to Michael Hopton, ob. 1603.
